1 Introduction	1
2 Regional income disparities: theories and facts	10
<i>Introduction</i>	10
<i>Theories of growth, convergence and spatial agglomeration</i>	10
Income convergence in the neoclassical growth model	11
Allowing for income divergence: the new growth models	13
The new geography models and the agglomeration of economic activities	14
<i>Testing for convergence: main methodologies</i>	16
Absolute and conditional convergence	16
Testing for convergence with spatial correlation	18
Non-parametric tests of convergence	19
<i>Testing for convergence across European regions: main results</i>	24
<i>Conclusions</i>	29
3 Classifying European regions on the basis of specialization, knowledge and socio-economic groups	35
<i>Introduction</i>	35
<i>Regional specialization groups</i>	36
Does specialization matter?	36
Classifying regions on the basis of their specialization	43

vi *Contents*

Regional knowledge groups 49
 Innovation, human capital and regional growth 50
 Identifying regional knowledge groups 51
Regional socio-economic groups 56
 The relevance of regional socio-economic groups 57
 Identifying regional socio-economic groups 60
Conclusions 64

4 The evolution of income disparities in the enlarged EU and the role of specialization, knowledge and socio-economic groups **81**

Introduction 81
Descriptive statistics on regional disparities in Europe 83
The role of specialization, knowledge and socio-economic groups for regional income disparities 86
 Analysis of variance 86
A closer look at regions from countries joining the EU in 2004 and 2007 101
A closer look at the Eurozone 108
Conclusions 112

5 The evolution of regional disparities in labour productivity and employment rates in the EU: the role of specialization, knowledge and socio-economic groups **116**

Introduction 116
The evolution of regional disparities in labour productivity and employment rates: descriptive statistics 118
The evolution of regional disparities in labour productivity and employment rates: the role of specialization, knowledge and socio-economic groups 122
 Analysis of variance 122
 Distribution dynamics 125
 Spatial correlation 128
 Conditional distributions 128
Conclusions 135

6	A closer look at the evolution of regional disparities in Central and Eastern Europe after the transition	137
	<i>Introduction</i>	137
	<i>The recent empirical evidence</i>	139
	<i>Regional disparities within CEECs</i>	140
	<i>Old and new patterns of industrialization in CEECs</i>	141
	Hungary	143
	Romania	145
	Poland	150
	Slovakia	152
	Czech Republic	156
	Bulgaria	159
	Slovenia	161
	Classifying regions	163
	<i>Explaining increasing regional disparities in CEECs</i>	167
	<i>Conclusions</i>	171
7	Conclusions	177
	<i>Main results</i>	177
	<i>Implications for policy</i>	179
