I Essentials of Macroeconomics

1	Introduction	3
1.1	Subject of Macroeconomics	4
1.2	Major Schools of Thought	7
1.2.1	Classical School	8
1.2.2	Keynesian School	9
1.2.3	Monetarism	10
1.3	Study of Macroeconomic Processes	13
1.3.1	Aggregation	13
1.3.2	Modelling	15
1.4	Basic Concepts and Definitions	18
1.5	National Economy and Reproduction	27
1.5.1	Macroeconomics and National Economy	27
1.5.2	Economic Reproduction	28
	References	35
2	Macroeconomic Indicators	37
2.1	Costs, Revenues, and Profit	38
2.1.1	Costs	38
2.1.2	Revenues	44
2.1.3	Profit	46
2.2	Economies and Diseconomies of Scale	50
2.3	Gross Domestic and National Products	53
2.4	National Income and Wealth	59
2.5	Quality of Macroeconomic Measurements	63
	References	68
3	Market Structures	69
3.1	Market Structures and Concentration	70
3.2	Competitive Markets	77
3.2.1	Types of Competition	77
3.2.2	Perfect Competition	78
3.2.3	Monopolistic Competition	80
3.3	Monopoly and Oligopoly	83
3.3.1	Monopoly	84
3.3.2	Oligopoly	86
3.4	Monopsony and Oligopsony	92
3.4.1	Monopsony	92
3.4.2	Oligopsony	94
	References	97

4	Major Actors in Contemporary Markets	99
4.1	Governments and Macroeconomic Policies	100
4.2	Households	104
4.3	Firms and Corporations	105
4.3.1	Firms and the Theory of the Firm	105
4.3.2	Transnational Corporations	111
4.4	Countries and Alliances	115
4.4.1	State as Economic Entity	115
4.4.2	Integration of Countries	119
4.5	International Organizations	125
4.5.1	International Financial Organizations	126
4.5.2	International Trade Organizations	131
4.5.3	Other International Economic Organizations	134
	References	139

II Disequilibrium Macroeconomics

5	Demand and Supply	143
5.1	Demand, Supply, and Equilibrium in Markets	144
5.1.1	Demand	144
5.1.2	Supply	148
5.1.3	Equilibrium	150
5.2	Aggregate Demand and Aggregate Supply	155
5.2.1	Aggregate Demand	155
5.2.2	Aggregate Supply	158
5.3	Shifts in Demand and Supply and Changes in Equilibrium	160
5.3.1	Taxation	161
5.3.2	Subsidies	162
5.3.3	Price Administration	162
5.3.4	Public Procurement	165
5.3.5	Market Intervention	165
5.3.6	International Trade	166
5.3.7	Import Tariff and Import Quota	167
5.3.8	Export Tariff	169
5.4	Price Determination and Price Elasticities of Demand and Supply	170
5.4.1	Elasticity of Demand	170
5.4.2	Elasticity of Supply	174
	References	177
6	Macroeconomic Equilibrium	179
6.1	Theory of Macroeconomic Equilibrium	180
6.1.1	Classical Theory of Macroeconomic Equilibrium	183
6.1.2	Keynesian Theory of Macroeconomic Equilibrium	184
6.1.3	Marxian Model of Macroeconomic Equilibrium	186
6.1.4	Walrasian General Equilibrium	187

6.2	National Economic Performance	187
6.2.1	Classical Economics	188
6.2.2	Concept of Marginal Efficiency	188
6.2.3	Neoclassical Economics	189
6.2.4	Institutional Economics	190
6.3	Consumption, Investment, and the Multiplier	190
6.3.1	Neoclassical Concept of Consumption and Investment	190
6.3.2	Keynesian Concept of Consumption and Investment	194
6.3.3	The Multiplier	200
6.4	Commodity Market Equilibrium	203
6.4.1	Neoclassical Interpretation of Commodity Market Equilibrium	204
6.4.2	Keynesian Interpretation of Commodity Market Equilibrium	205
6.5	Equilibrium in Commodity and Money Markets: The IS-LM Model	208
6.6	Equilibrium and the New Normal Approaches to Economic Policy	212
6.6.1	Interpreting the IS-LM Model	212
6.6.2	Equilibrium and Monetary Policy	214
6.6.3	Equilibrium and Fiscal Policy	216
6.6.4	The New Normal Equilibrium	219
	References	222
7	Economic Cycles	223
7.1	Theory of Economic Cycles	224
7.1.1	Marxian Interpretation of Economic Cycle	227
7.1.2	Neoclassical Interpretation of Economic Cycle	228
7.1.3	Keynesian Interpretation of Economic Cycle	229
7.2	Types of Economic Cycles	231
7.2.1	Kitchin Inventory Cycles	232
7.2.2	Juglar Fixed-Investment Cycles	234
7.2.3	Kuznets Infrastructural Investment Cycles	236
7.2.4	Kondratiev Waves	238
7.3	Crises of the Modern Age: From the Great Depression to the COVID-19	241
7.3.1	Structural Crises	241
7.3.2	Agrarian Crises	242
7.3.3	Financial Crises	243
7.3.4	Monetary Crises	244
7.3.5	Stock Market Crises	245
7.3.6	Modern Crises of Economic Transformation	246
7.4	Equilibrium Determinants	247
7.4.1	Approaches to Interpretation of the Equilibrium Determinants	247
7.4.2	Self-sustaining Fluctuations	250
7.5	Stabilization Policies	252
	References	256
8	Disequilibrium and Unemployment	259
8.1	Labor Market	260
8.2	Unemployment	266

8.2.1	Foundations of Unemployment.....	266
8.2.2	Theories of Unemployment.....	273
8.3	Effects of Unemployment	279
8.4	Labor Market Regulation	289
	References.....	293
9	Disequilibrium and Inflation	295
9.1	Foundations of Inflation	296
9.1.1	Meaning of Inflation.....	296
9.1.2	Types of Inflation.....	299
9.1.3	Theories of Inflation.....	303
9.2	Causes and Effects of Inflation	311
9.2.1	Causes.....	311
9.2.2	Effects.....	319
9.3	Measuring Inflation	322
9.4	Dealing with Inflation in the New Normal	325
	References.....	331

III Market Failure

10	Government Interventions in Unbalanced Markets	335
10.1	Failures and Imbalances in Markets	336
10.1.1	Market Failures.....	336
10.1.2	Government Failures.....	339
10.1.3	Government Regulations.....	341
10.2	Rise in Monopoly Power and Antitrust Regulation	345
10.3	Asymmetrical Information	349
10.4	Market Externalities	351
10.4.1	Internalization of Externalities.....	355
10.4.2	Corrective Taxes and Subsidies.....	355
10.4.3	Distribution of Property Rights.....	357
10.4.4	Direct Government Control.....	359
10.5	Public Goods	360
10.6	Lockdowns and Disruptions to Supply Chains	365
	References.....	369
11	Money	371
11.1	Fundamentals of Money	372
11.1.1	Role of Money.....	372
11.1.2	Theories of Money.....	375
11.2	Monetary System	383
11.2.1	Forms of Money.....	383
11.2.2	Money Circulation.....	385
11.3	Money Market	387

11.4	Monetary Policy	394
11.5	Monetary Approaches to the New Normal Equilibrium	398
	References	409
12	Credit and Banking	411
12.1	Fundamentals of Credit	412
12.2	Lending and Lending Rate	419
12.3	Central Banks and Credit System	423
12.4	Commercial Banks	430
	Reference	442
13	Public Finance	443
13.1	Fundamentals of Finance	444
13.2	Government Budget and Public Debt	449
13.3	Taxes and Taxation	456
13.4	Fiscal Policy	460
13.5	Fiscal Approaches to the New Normal Equilibrium	466
	References	477
14	Social Issues of Economic Growth	479
14.1	Social Policy	480
14.2	Economic Growth and Social Justice	485
14.3	Welfare and Wellbeing	491
14.3.1	The Concept of Social Welfare	491
14.3.2	The Pareto Criterion	493
14.3.3	The Utilitarian Concept	497
14.3.4	Cardinal Utility	499
14.3.5	The Rawls Criterion	499
14.3.6	The Concept of Social Wellbeing	500
14.4	Poverty	503
14.5	Inequality	515
	References	525

IV The New Normal Development and Growth

15	Foundations of Economic Development	529
15.1	Basic Economic Development Concepts	530
15.1.1	Economic Development and Economic Growth	531
15.1.2	Institutional Development	533
15.1.3	Stable and Sustainable Economic Development	533
15.2	Classical Theories	535
15.2.1	Smith's Self-interested Competition	536
15.2.2	Ricardo's Specialization	537
15.2.3	Malthus's Constant Productivity Constraints	538

15.3	Marxism and Neo-Marxism	540
15.3.1	Marx's Capital Accumulation.....	540
15.3.2	Rostow's Linear Growth Model.....	543
15.3.3	Baran's Economic Surplus.....	546
15.3.4	The Neocolonial Dependence Model.....	546
15.3.5	Warren's Shift Toward Socialism.....	548
15.4	Neoclassical Theories	549
15.4.1	The Harrod-Domar Growth Model.....	549
15.4.2	The Robinson Growth Model.....	551
15.4.3	The Solow-Swan Growth Model.....	554
15.4.4	The Mankiw-Romer-Weil Model.....	557
15.4.5	The Kaldor Growth Model.....	561
15.5	Developmentalist Theories	562
15.5.1	Lewis's Unlimited Supply of Labor.....	562
15.5.2	Hirschman's Unbalanced Growth.....	564
15.5.3	Nurkse's Balanced Growth.....	565
15.5.4	The Rosenstein-Rodan Big Push.....	567
15.6	Contemporary Interpretations of Economic Development	569
15.6.1	Structuralism.....	569
15.6.2	Institutionalism.....	571
15.6.3	International Dependence.....	574
	References.....	577
16	Technological Choice and Development	579
16.1	Technologies and the New Normal Economy	580
16.1.1	Innovation-Driven Development.....	580
16.1.2	Innovations and the New Normal Economic Development.....	584
16.2	Technological Development Priorities	588
16.2.1	International Development Agenda.....	588
16.2.2	Technological Development Regimes.....	589
16.2.3	The New Normal Technological Trends.....	592
16.3	Production and Technological Possibilities	595
16.4	Innovation Pessimism	600
16.5	Creative Destruction	604
	References.....	610
17	Human Capital and Economic Development	611
17.1	Approaches to Understanding Human Capital	612
17.2	Theories of Economic Growth and Human Capital	617
17.2.1	Classical School, Marxism, and Neoclassics.....	617
17.2.2	Schultz's Human Capital Theory.....	618
17.2.3	Becker's Neoclassical Human Capital Theory.....	619
17.2.4	Modern Interpretations of Human Capital Development and Economic Growth.....	623
17.3	Investing in Human Capital: Growth Effects and Returns	625
17.4	Inequalities in Human Capital Development	630

17.5	Human Capital and Education	641
17.6	Human Capital and Health	642
	References.....	653
18	Post-pandemic Sustainable Development: The Farer-Reaching Perspective	655
18.1	Sustainable Development Concepts	656
18.2	Sustainable Economic Development	660
18.2.1	Understanding and Measuring Sustainable Economic Development	660
18.2.2	Green Economy.....	664
18.2.3	Blue Economy	667
18.3	Economics and Environment	670
18.4	Environmental Footprints	675
18.4.1	The Ecological Footprint Concept.....	675
18.4.2	Air Pollution	679
18.4.3	Climate Change.....	679
18.4.4	Water Pollution	681
18.4.5	Soil Pollution	682
18.4.6	Biodiversity Loss	683
18.5	Pursuing Sustainable Development	684
	References.....	693

V Globalization and International Competitiveness

19	Theories of International Trade and Competitiveness	697
19.1	Classical Country-Based Theories	698
19.1.1	Mercantilism.....	698
19.1.2	Smith's Absolute Advantage.....	700
19.1.3	Ricardo's Comparative Advantage	703
19.1.4	The Heckscher-Ohlin Theorem.....	706
19.2	Modern Firm-Based Theories	709
19.2.1	Vernon's Model of International Product Life Cycle.....	709
19.2.2	Linder's Hypothesis	711
19.2.3	Posner's Technological Gap Theory	714
19.2.4	Hicks' Theory of Technological Progress.....	715
19.2.5	Krugman's Economies of Scale.....	718
19.3	Alternative Concepts of International Trade	720
19.3.1	Haberler's Theory of Opportunity Costs	720
19.3.2	Minhas' Theory of Factor Intensity Reversal	722
19.3.3	The Samuelson-Jones Theorem	724
19.3.4	Balassa's Theory of Intra-industry Trade	726
19.4	Emerging Theories of International Trade	728
19.4.1	Melitz's Model of Heterogeneous Firms	728
19.4.2	Theory of Incomplete Contracts.....	731

19.4.3	Porter's Theory of Competitive Advantage.....	732
19.4.4	The Gravity Model.....	733
19.4.5	Spatial Economy and International Trade.....	734
	References.....	738
20	International Capital Flows and Exchange	741
20.1	International Capital Movement	742
20.1.1	Foundations of Capital Exchange.....	743
20.1.2	Classical Theories of International Capital Movement.....	745
20.1.3	The Keynesian Interpretation of International Capital Movement.....	747
20.1.4	Theories of International Financing for Development.....	748
20.2	International Investment	751
20.2.1	Direct Investment.....	751
20.2.2	Portfolio Investment.....	755
20.3	External Debt	758
20.4	Exchange Rates and Currency Trading	762
20.4.1	Currency.....	762
20.4.2	Exchange Rate.....	767
20.5	Foreign Exchange Market	774
	References.....	779
21	International Migration of Labor	781
21.1	Fundamentals of International Migration	782
21.2	Theories of International Migration of Labor	786
21.2.1	Ravenstein's Migration Laws.....	786
21.2.2	Lee's Push and Pull Factors.....	790
21.2.3	Neoclassical Theory of Migration.....	790
21.2.4	Piore's Dual Labor Market.....	792
21.2.5	New Economics of Labor Migration.....	793
21.2.6	Wallerstein's World Systems.....	794
21.2.7	Human Capital in the Context of Labor Migration.....	796
21.3	Drivers and Effects of International Migration	799
21.3.1	Drivers.....	799
21.3.2	Effects.....	801
21.4	Governance of International Migration	805
21.5	The New Normal Trends	808
	References.....	816
22	Liberalization and Protectionism	817
22.1	Free Trade and Protectionism	818
22.1.1	Free Trade.....	818
22.1.2	Protectionism.....	820
22.2	Foreign Trade Policy	824
22.2.1	Theories of Foreign Trade Policy.....	824
22.2.2	Tariff Regulation.....	830
22.2.3	Non-tariff Regulation.....	835

22.3	Multilateral Regulation of International Trade	839
22.4	The New Rise in Protectionism	845
	References	851
23	Globalization and Regionalization	853
23.1	Globalization Through the Ages	854
23.2	Measuring Globalization	859
23.3	Effects and Controversies of Globalization	870
23.4	The New Anti-globalization	880
23.5	Globalization and Social Policy in the New Normal	883
	References	889
	Supplementary Information	
	Glossary	892
