## Contents

|            |  |     |
|------------|--|-----|
| <b>I</b>   | <b>Differential Calculus in the Complex Plane <math>\mathbb{C}</math></b> .....  | 9   |
| I.1        | Complex Numbers .....  | 9   |
| I.2        | Convergent Sequences and Series .....  | 24  |
| I.3        | Continuity .....   | 36  |
| I.4        | Complex Derivatives .....  | 42  |
| I.5        | The CAUCHY-RIEMANN Differential Equations .....                                  | 47  |
| <b>II</b>  | <b>Integral Calculus in the Complex Plane <math>\mathbb{C}</math></b> .....      | 69  |
| II.1       | Complex Line Integrals .....   | 70  |
| II.2       | The CAUCHY Integral Theorem .....  | 77  |
| II.3       | The CAUCHY Integral Formulas .....   | 92  |
| <b>III</b> | <b>Sequences and Series of Analytic Functions, the Residue<br/>Theorem</b> ..... | 103 |
| III.1      | Uniform Approximation .....  | 104 |
| III.2      | Power Series .....   | 109 |
| III.3      | Mapping Properties of Analytic Functions .....                                   | 124 |
| III.4      | Singularities of Analytic Functions .....  | 133 |
| III.5      | LAURENT Decomposition .....  | 142 |
| A          | Appendix to III.4 and III.5 .....  | 155 |
| III.6      | The Residue Theorem .....  | 162 |
| III.7      | Applications of the Residue Theorem .....  | 170 |
| <b>IV</b>  | <b>Construction of Analytic Functions</b> .....                                  | 191 |
| IV.1       | The Gamma Function .....   | 192 |
| IV.2       | The WEIERSTRASS Product Formula .....  | 210 |
| IV.3       | The MITTAG-LEFFLER Partial Fraction Decomposition ..                             | 218 |
| IV.4       | The RIEMANN Mapping Theorem .....  | 223 |
| A          | Appendix : The Homotopical Version of the CAUCHY<br>Integral Theorem .....       | 233 |
| B          | Appendix : A Homological Version of the CAUCHY<br>Integral Theorem .....         | 239 |

|             |   |     |
|-------------|---|-----|
| X           | Contents  |     |
| C           | Appendix : Characterizations of Elementary Domains              | 244 |
| <b>V</b>    | <b>Elliptic Functions</b>                                       | 251 |
| V.1         | LILOUVILLE's Theorems   | 252 |
| A           | Appendix to the Definition of the Period Lattice                | 259 |
| V.2         | The WEIERSTRASS $\wp$ -function                                 | 261 |
| V.3         | The Field of Elliptic Functions                                 | 267 |
| A           | Appendix to Sect. V.3 : The Torus as an Algebraic Curve         | 271 |
| V.4         | The Addition Theorem  | 278 |
| V.5         | Elliptic Integrals  | 284 |
| V.6         | ABEL's Theorem  | 291 |
| V.7         | The Elliptic Modular Group                                      | 301 |
| V.8         | The Modular Function $j$  | 309 |
| <b>VI</b>   | <b>Elliptic Modular Forms</b>                                   | 317 |
| VI.1        | The Modular Group and Its Fundamental Region                    | 318 |
| VI.2        | The $k/12$ -formula and the Injectivity<br>of the $j$ -function | 326 |
| VI.3        | The Algebra of Modular Forms                                    | 334 |
| VI.4        | Modular Forms and Theta Series                                  | 338 |
| VI.5        | Modular Forms for Congruence Groups                             | 352 |
| A           | Appendix to VI.5 : The Theta Group                              | 363 |
| VI.6        | A Ring of Theta Functions                                       | 370 |
| <b>VII</b>  | <b>Analytic Number Theory</b>                                   | 381 |
| VII.1       | Sums of Four and Eight Squares                                  | 382 |
| VII.2       | DIRICHLET Series  | 399 |
| VII.3       | DIRICHLET Series with Functional Equations                      | 408 |
| VII.4       | The RIEMANN $\zeta$ -function and Prime Numbers                 | 421 |
| VII.5       | The Analytic Continuation of the $\zeta$ -function              | 429 |
| VII.6       | A TAUBERIAN Theorem   | 436 |
| <b>VIII</b> | <b>Solutions to the Exercises</b>                               | 449 |
| VIII.1      | Solutions to the Exercises of Chapter I                         | 449 |
| VIII.2      | Solutions to the Exercises of Chapter II                        | 459 |
| VIII.3      | Solutions to the Exercises of Chapter III                       | 464 |
| VIII.4      | Solutions to the Exercises of Chapter IV                        | 475 |
| VIII.5      | Solutions to the Exercises of Chapter V                         | 482 |
| VIII.6      | Solutions to the Exercises of Chapter VI                        | 490 |
| VIII.7      | Solutions to the Exercises of Chapter VII                       | 498 |
|             | References  | 509 |
|             | Symbolic Notations  | 519 |
